DENTAL DAM CLAMPS

High Quality for an Economical Price

Hygenic® Gloss Finish Winged Clamps

Application steps can be combined by placing the dam, clamps and frame simultaneously. Once applied, the dam is stretched under the wings of the clamp.

Hygenic® Gloss Finish Wingless Clamps

To apply, first position the clamp intraorally then stretch the dental dam over the clamp and tooth. Wingless clamps are designated with a "W" (wingless) for easy identification.
